Arizona Complete Health and Care1st Health Plan together are bringing you expert resources to help you navigate funding opportunities made available through the Small Business Administration (SBA) and the CARES Act.

This call is hosted locally by Arizona Complete Health and Care1st Health Plan with the generous support of Centene Corporation.

Your Presenters

Cissy Proctor, oversees LSN's economic development and incentive practice. Cissy joined LSN after serving as Executive Director of the Florida Department of Economic Opportunity, the State agency responsible for providing assistance to workers, businesses and communities under blue skies and in the wake of disasters. Her understanding of economic relief and development efforts across all levels of government, along with her extensive experience interfacing with Washington, is a significant resource to our firm and clients.

Hector V. Barreto, a Senior Advisor at LSN, previously served as U.S. Small Business Administration Administrator for five years. As SBA Administrator, Hector oversaw a loan portfolio in excess of \$60 billion and managed the agency's assistance to thousands of small businesses following disasters such as the 2001 attack on the World Trade Center and Hurricane Katrina. Given his unparalleled experience at the highest levels of the SBA, Hector's expertise, especially in times like these, is invaluable to businesses.

As part of the Centene family, Arizona Complete Health and Care1st Health Plan are providing access to these resources to aid Arizona providers in grant writing and business loan applications, among other key activities. If you are an Arizona Complete Health or Care1st provider looking for more information about benefits you may be eligible for, please visit: [Provider Financial Support and Resources](#).
