

What Clinicians Need to Know About the Janssen COVID-19 Vaccine

Overview

This COCA Call will give clinicians an overview of the Janssen COVID-19 vaccine. Clinicians will learn about vaccine characteristics and administration, vaccinating special populations, and contraindications.

They will also get answers to a number of clinical questions CDC has received about this new vaccine.

Date: Tuesday, March 2, 2021

If you are unable to attend the live COCA Call, the recording will be available for viewing on the [COCA Call webpage](#) a few hours after the live event ends.

Time: 2:00 PM – 3:00 PM ET

The slide set will be available on the day of the call under "Call Materials" on the [COCA Call webpage](#).

COCA Call Objectives

At the conclusion of the session, the participant will be able to accomplish the following—

- 1. Cite background information on the topic covered during the presentation.**
- 2. Discuss CDC's role in the topic covered during the presentation.**
- 3. Describe the topic's implications for clinicians.**
- 4. Discuss concerns and/or issues related to preparedness for and/or response to urgent public health threats.**

- 5. Promote health improvement, wellness, and disease prevention in cooperation with patients, communities, at-risk populations, and other members of an interprofessional team of healthcare providers.**
